

ELECTRIC RATES

Monthly bills include two basic components, Energy Charge (kWh) and Demand (kW) for large commercial customers. The charges for all electricity consumed shall be at the following rates:

- (A) **Residential Service Rate:** applies to electric service for single-family dwellings, where the major use of electricity is for domestic purposes such as lighting, household appliances, and the personal comfort and convenience of those residing therein.

Energy Charge:

First 50 kWh: Included in min. service charge of \$7.22
 Thereafter all kWh: \$0.1203 per kWh

- (B) **General Service-Small (Non-Residential) Rate:** available for single and three-phase service for non-residential service. This rate applies to customers whose consumption is *less than* 40,000 kWh per month or a demand *less than* 100 kW.

If the demand is *over* 100 kW per month for three consecutive months within a twelve month period, or consumption is *equal to or greater* than 40,000 kWh, service will not be provided under this rate.

Energy Charge:

First 100 kWh: Included in min. service charge of \$14.45
 Thereafter all kWh: \$0.1285 per kWh

- (C) **General Service-Medium (Non-residential) Rate:** available for single and three-phase service to customers whose consumption is *greater than or equal to* 40,000 kWh or 100 kW per month for three consecutive months within a twelve month period.

Demand charge is the sum to be paid by large electric consumers for their peak usage level for which GJU recovers the cost of providing facilities to accommodate the peak demand.

Demand Charge:

First 100 kW or less: Included in min. service charge of \$1,534.43
 Additional Demand: \$15.90 per kW

Energy Charge:

All kWh at: \$0.0791 per kWh

- (D) **Municipal Service General Rate:** available to municipal buildings and some streetlight consumption:

Energy Charge:

All kWh at: \$0.0595 per kWh

- (E) **Municipal Service Joint Utilities Rate:** available to Joint Utilities including Water Department, Wastewater Department and Electric Department:

Energy Charge:

All kWh at: \$0.0831 per kWh

ELECTRIC RATES (continued)

- (F) **Outdoor Area Lighting:** Effective on or after December 1, 2007, the following monthly charge shall apply to the rental rates for outdoor area lighting:
