Dear Mayor Bonaguidi,

Please find attached the city ordinance governing the Library Advisory Board (LAB). *Section 2-4-3: The Bylaws of the Board, D.Vacancies* - instruct that I am to notify you of vacancies on the LAB and send my recommendation for replacement. We currently have two vacancies that need to be filled.

I have attached letters of interest from my two recommendations to fill those vacancies, Sarah Piano and Krystal Curley. I feel that both of these individuals are representative of underserved and often marginalized communities. Their membership would bring an expanded perspective to the LAB. Additionally, both candidates are active advocates and leaders in their respective fields and would be strong advocates for OFPL. I would be happy to answer any questions you have.

Please advise on how you wish to proceed with filling these vacancies.

Highest regards,

Tammi
