Re: City of Gallup G-80 Wells POD-8 and POD-13

Dear Ms. Rodriguez:

We submitted a bid for the above referenced project on March 1st. When bids were opened, we learned that we were the apparent low bidder. The difference between our bid and the other two bidders was significant. We have since had discussions with engineers Marc DePauli and Tyler Payton. After reviewing the bid tab we feel it is best that we withdraw our bid for this project. We understand that our bid bond will be returned to us after our bid is withdrawn.

Sincerely,

A handwritten signature in black ink, appearing to read "J.H. Stewart", with a long horizontal flourish extending to the right.
